<b>Change Log</b>													
<b>3/31/2021, BBerry</b>													
- Added new colum 'No Address' with an excel macro to derive contents													
<b>3/18/2021, BBerry</b>													
- Added new colum 'No email' with an excel macro to derive contents													
- Added category for classmates who are not in 1971 Yearbook but are included in web site and are included in this spreadsheet's stats													
<b>3/12/2021, BBerry</b>													
- Added freeze panes option so that column headers stay in place when scrolling vertically and names stay in place when scrolling horizontally													
- Added 'What Changed' column to clarify what was changed when 'Last Updated'. Began making entries 3/2021.													
- Added 'On FB' column to indicate who is on Facebook. Let me know if someone needs added to this column. (BBerry)													
- Added totals data to top of several columns. Those who are 'Deceased' are not included in the 'No Info' total.													
- Added filtering capability based on a columns content (click on the control next to column header's title) to select filter)													
- Classmates who were not in 1971 yearbook have been moved to bottom of file and kept separate for clarity. They are not included in calculation of totals data.													
- Changed file naming convention to PHS71 Directory (YYYY-MM-DD) where YYYY-MM-DD is the file's revision date.													
- Added columns LastName,Maiden, Address1, Address2, City, State, Zip and Country to be compatible with import to web system.													
These columns are hidden from normal view. Let me know if you need access to them (BBerry)													
- Added this change log.
